<b>Problem Description</b> <i>One user selects monster to battle for both players. Opponent has no choice</i>			
<b>Person Authorised to change</b>	James Bowcott	<b>Date changed</b>  31/10/2012	< d a t e >
<b>Description of changes to be made</b> <i>Add functionality to allow both users to select their preferred monster to fight</i>			
<b>Changed check by</b>	Kyle Vaughan	<b>Date checked</b>  31/10/2012	< d a t e >
<b>Comments</b> <i>Did not amend, as not required. Instead opponent does not need to choose their monster as they can simply decline the users fight request anyway.</i>
